Profile Summary

Creative and detail-oriented Frontend Web Developer with a strong foundation in modern web technologies. Skilled in building responsive, scalable, and interactive user interfaces using React.js, Tailwind CSS, and advanced animation libraries like GSAP and Three.js. Passionate about creating seamless user experiences and implementing clean, maintainable code. Experienced in mentoring and collaborating on real-world projects with a strong grasp of UI/UX principles.

Experience

- **Frontend Web Development Mentor** – Sheryians Coding School (June 2025 – Present)
  - Mentored students in HTML, CSS, JavaScript, React, and Tailwind CSS.
  - Conducted code reviews and guided students in building frontend projects with real-world UI/UX practices.
  - Designed interactive landing pages with GSAP animations and responsive layouts.

Education

- **MCA (Master of Computer Applications)** – Pursuing (Expected 2027)
- **B.Sc. Computer Science** – Bundelkhand University, 2024

Projects

Live Link   **Women Safety App (Frontend)**

- Designed a responsive UI with intuitive navigation for real-time safety alerts.
- Implemented modern animations and transitions to improve user engagement.
- Tools Used: React.js, Tailwind CSS, GSAP.

Live Link   **Xsposts Gaming Site (Frontend)**

- Built a fast, responsive interface with dynamic transitions and instinctive controls for gamers who play to dominate.
- Designed smooth, cinematic animations and refined transitions to deliver a high-end, immersive user experience.
- Tools Used: Tailwind Css, Gsap, Locomotive, Jsvascript.

Live Link

TrackED Attendence Demo Application

- Automated student attendance management using real-time data validation, reducing manual errors and ensuring accurate record-keeping.
- Provides detailed attendance insights, trends, and reports to help faculty monitor student performance and improve accountability.
- Tools Used: MERN Stack.

Technical Skills

Frontend: HTML, CSS, Tailwind CSS, JavaScript (ES6+), React.js, GSAP, Three.js
UI/UX: : Responsive Design, Wireframing, Figma, Interactive Animations

Tools: Git/GitHub, VS Code, Chrome DevTools, AI-assisted tools
